Marriage is not just a gender – matching event. Sacred marriage to take place before the future offspring of the two Kanniyatanam in a timely manner to give the twenty- century purification ceremony, it is the expression of several books. The sacraments are witness of fire, vegetarian ritual, adults, relatives, family members. before treating with a great festival.

It is customary to perform this sacred wedding ceremony on the basis of male and female advantages. Other matches usually take place after the male-female mental union. So mental fit is superior to all fit.

There is no compulsion to perform the marriage just by looking at the pros and cons of the marriage. You can make adjustments by looking at the pros, cons, or omen . The best of all is mindfulness. It is best to unite the male and female matching who are going to be involved in this marriage . Such unhappy marriages become compulsive. These compulsive minds cause failure in family life.

Many marriages in today's world are marriages that are marred by parental compulsion and the poor guidance astrologer that they know everything, despise and ridicule Karpura as a fanatic, and fit in with their rhetoric. Thus the later life of the deceived couple is ruined. Those who are well versed in astrology and have the ability to predict what will happen should consider the pros and cons of conspirators and see the relevance.

Male female horoscope matching: method considering the advantages of male -female couples for marital suitability, it is important to examine the special yogas in their advantages separately. Of these, Naishtika Brahmacharya Yoga, Sannyasa Yoga and Napunsaka Yoga should be considered and benefited. Do not rush into these decisions and systematically predict the pros and cons of the panchayarcas and satbalas. There are pros and cons to some. Some of the men may even be thoughtless mistresses. Planetary similarity should be determined by examining the pros and cons of both.

iii. **Golden rule of planetary matching in horoscope :** male and female, both the advantages study two lakna or lunar lakna together or one lakna or lunar lakna 7 in the other's Birth lakna or lunar lakna one 6, 10, the signs, the other lakna within second house triangle position, despite one's second house Whichever zodiac sign Zodiac is in, the other sign is Venus or the Moon in its 7th sign, although the Sun is in the same position in both zodiac signs, whichever zodiac sign is in the same zodiac sign, the other zodiac sign or the Sun in the other zodiac sign, Venus is in both pros and cons. One zodiac sign is the Sun or the Moon, while the other is the Sun or the Moon. However, in the same theory that the planets sit in one centenary even if the planets are equally favorable to the other in the zodiac in which one is located, the other is in the zodiac where the Sun is in one's favor, the other is in the zodiac where Venus is, the other is in the zodiac where the moon is, and the other is in the zodiac. However, if Venus has a zodiac sign for one, Iraq for another, Sun for one, Ketu for another, Moon for one, Jupiter for another, 4th or 10th zodiac sign for another, and the 7th lord in the zodiac. 3 - 11 - 5 - 9 – 1, Although the other is the target lord of the zodiac, the enemy lord is the other lord from the gift located to one. It should be assumed that even if 10th lord is in the zodiac, Jupiter is in the zodiac with the Moon at the kendra's of Mars is in the zodiac with Venus in the zodiac , the pros and cons will be one and the same.

Such fit people will live as the most cohesive. That can be said solidly. Along with these, the philosophies of fire, earth (earth), air, and water must be explored in which the planets are formed. In this research it should be assumed that the planetary theories of both pros are the most valid if they are either monolithic zodiac or allied zodiac. We must also examine the planetary similarities in the distinctions of string - thread - benevolence. Loves the planets in the constellation, the planets in the constellation. The planetary similarities thus stated should be thoroughly researched and if there are excessive similarities they should be accepted accordingly.
